" Most were surprised at the very competitive price I paid, one friend commenting that his door was recently replaced with a manual up and over door, smaller than mine , and he had paid about the same as me for a much inferior product. Thanks Lakeside from a very satisfied customer "

Joe Burton-Joyce , Nottingham

" I want you to know how pleased I am with the garage door you supplied recently. It looks good and performs excellently and is just what I wanted. The two installers could not have done a better job, they were true professionals."

I Coates , Ringer, East Sussex

" Lakeside have been an approved specialist contractor with us for a number of years and have always proved to be reliable and trustworthy while providing first class workmanship. They are a well-respected company in the industry and I have no hesitation in giving my endorsement"

Michael Piddock, Procurement Director, Dawnus Construction Ltd

"Great service and product from Lakeside. The installers were both efficient and courteous and your after sales are second to none. It is a pleasure to say thank you for a job well done"
Stuart Brown , Grange Builders LLP

Insulated Roller Garage Doors

Insulated Aluminium Roller Garage Door

A quality, high specification aluminium roller garage door.

- Clean contemporary design, in a range of colours
- Vertical travel allows total use of space in front of the garage
- The door rolls into a compact housing (300mm x 300mm) which barely intrudes into the garage headroom, allowing full use of the roof area for storage
- Where there is restricted headroom we offer a smaller specification door, a 205mm x 205mm box, 65mm rails and a 38mm extruded aluminium profile
- Convenient operation of the garage door by radio remote from your vehicle (optional)
- Excellent security - no external locks to be tampered with
- Insulated aluminium profiles reduce sound and heat passage
- Manufactured to internationally recognised standards

77mm CFC-free foam insulated aluminium profile is strong and maintenance free with all components colour coated white or brown as standard to match, presenting a very neat installation.

Bespoke doors straight from UK manufacturer

- Every door is manufactured to suit your garage
- Efficient installation by Lakeside craftsmen within a day
- Guide channels and aluminium housing powder coated white are hidden inside the garage
- Door colours matched perfectly with any PVC windows and doors

A wide selection of colours available
